Moderator's Annual Address

Y Brethren and Co-workers in Christ, of the Emanuel Progressive Baptist Association;

This being my third time to appear before this august body to deliver to you a message dealing with the Associational work which you trusted to my hands. I now take this opportunity to thank you for your loyalty and the confidence that you have in me.

It would in some measure relieve embarrassment if I could in even a slight degree feel myself worthy of the great honor which you do me today.

First, we think of the name and forget not its important meaning. EMANUEL, we interpret to the best of our knowledge as meaning "God With Us."

PROGRESSIVE, we think of moving forward.

BAPTIST, we think of, One Lord, One Faith, One Baptism.

ASSOCIATION, we find that it means the unity of the brotherhood with the trinity.

Then we stop and say as David said, "Search me, O God, and know my heart; try me and know my thoughts; and see if there be any wickedness in me, and lead me in the way everlasting."

Stepping out on the associational field to greet the brethren with a handshake and a heart full of love, I meet with those that I deem to be men of brain, sane sober men and women of God

who wait before the throne to hear His commands that they might obey. These are the men and women that makes up this Association, and some among them has fertilized this body for great growth.

These men I want to thank for their co-operation with us through the associational year. When we made our conventional call they came as never before, as men who had been with Jesus. We say to them continue to lift high the banner of King Emanuel and go forward. May I say to you as Hosea of old to the people, We shall know if we follow on to know what this association stands for and what it can do.

We want to thank the Women's Home Mission and Educational Department for their loyalty to our calls through the year. When it was time to go to the State Convention we joined hands and hearts with the sisters, mainly the President of the Women's Department, and went to the convention with a hearty co-operation to represent you as never before.

We therefore bring greetings from the General Baptist State Convention which held its session at Perry, Florida. It was a master session. We saw men coming from everywhere beginning Wednesday. We looked around and thought as John, and no doubt the question arose in our minds, Who are these? President Stokes, without hesitation, answered the question thus, These are mine, come to attend the convention.

Accompanying us were, Treasurer R. C. Carswell, President Mary Moss, and Vice President Susan Bradley. The money raised at this convention was \$5,144.26. As the result of appeals sent out over the State having every one to know his part on program. The mortgage that hung over Florfda Memorial College at Live Oak, Florida, for so long was burned, and it now is owned and supported by the Baptists of Florida.

Now Brethren, it is high time for our eyes to become open. We have done wonderful work since we began, but there is so much more to be done. We have a mission to perform; a destiny to accomplish; an example to be given of how nations may justly

rule themselves, not by treatise but in liberty. Nor shall the mission be finished or that destiny accomplished fully, until—

“The War drums beat no longer,
And the Battle - flags are furled
In the parliament of mankind—
The federation of the world.”

For an instant we could do more for education, since that part of the mission has been lagging. The Baptists cannot depend on any other denomination to cultivate its field for growth. We have within our reach two schools in our state. We need not nauseate our members with the thought of them by continually ramming them down their throats, but we can bind them together with a band of love thereby easily gaining their support.

It is time for us to say which school we are going to support or whether we are going to support them both.

It is our duty as Baptists to educate our folk, especially our ministers. If we remember the words of the Apostle Paul we find that he says, “study to show yourself approved unto God, a workman that needeth not be ashamed, rightly dividing the word of truth.” No one can divide the truth except he, in some way been made acquainted with it. Education is to the preacher what a beacon light is to the sailor. But let us not forget that an educated mind is not all; with an educated heart it would fit one for a better life. So I say to you get knowledge and wisdom.

Now let us let the work of our association arouse our minds that attention might set in and we may become more interested in doing the work that has been set before us. Thinking as Christ when He said to His disciples, “Lift up your eyes and look on the field, the harvest is ripe but the reapers are few.” This gives us to know there is much more work to be done for the Kingdom’s sake among our group.

Now Bretheren, we want to thank God for sparing our lives in peace and love during this time with the loss of but one, Rev. N.W. Lofton. Now I say to you this is good news to us bretheren.

Now may I begin recommending:

- I. We recommend that the Emanuel Progressive Baptist Association will each year in June operate a two-weeks Bible school. Expense to be paid by the Association, and the instructors for the session be employed by the Executive Board.
- II. I recommend that each ministers of this Association will deem it necessary to bring up \$1.00 for the this support of this bible school each year.
- III. I recommend that this Association will endorse two Ministers and Deacons Unions,
- IV. I recommend that each auxiliary will pay \$2.50 per session for Associational purposes.
- V. I recommend that in the first Executive Board meeting after this session that the minutes of this session be brought in and approved by the board and immediately printed and distributed.
- VI. I recommend that each Church in the Association will set apart a day to be known as Educational Day for the purpose of sending a donation to our schools on Founder's Days.
- VII. I rehommend that a committee of five be appointed in this session to bring in a revised constitution to govern the Association and its auxiliaries.
- VIII. I recommend to you that we have and Extra-Day session on an appointed day for the purpose of education and mission,

Now it is ours to say; Relying upon Divine Guidance and with confidence in the Baptist Brotherhood, let us go forward to dare, to do and to die that the banner of truth and righteousness shall never trail in the dust, but that all may be heroes.

Yours for the Master's Cause;
B. W. Williams
